Consequences for a Positive Drug Test.

By signing this form, you affirm that you are aware of the NCAA drug-testing program, which provides:

1. A student-athlete who tests positive for an NCAA banned drug must be immediately declared ineligible.

2. A student-athlete who tests positive for a banned drug other than a "street drug" shall be withheld from competition in all sports for 365 days from the drug-test collection date and shall lose a year of eligibility. A student-athlete who tests positive for a "street drug" shall be charged with the loss of competition during a minimum of 50 percent of a season in all sports (the next 50 percent of all contests or dates of competition in the season following the positive test);
3. A student-athlete who tests positive has an opportunity to appeal the sanction;

A student-athlete who tests positive a second time for the use of any drug other than a "street drug" shall lose all remaining regular-season and postseason eligibility in all sports. A student-athlete who tests positive a second time for a street drug shall be withheld from competition for 365 days from the date of the test and shall lose a year of eligibility. A student-athlete who tests positive for the use of a "street drug" for the first time after having tested positive for the use of any banned drug other than a "street drug" shall be ineligible for competition for 50 percent of a season in all sports (the first 50 percent of regular-season contests or dates of competition in the season following the positive test);

4. The penalty for missing a scheduled drug test is the same as the penalty for testing positive for the use of a banned drug other than a street drug;

5. A student-athlete found to have tampered with an NCAA drug test sample shall be charged with the loss of a minimum of two seasons of competition in all sports and shall remain ineligible for all regular-season and postseason competition during the time period ending two calendar years (730 days) from the date of the test; and

6. If a student-athlete transfers to a non-NCAA institution while ineligible because of a positive NCAA drug test and competes in collegiate competition within the prescribed penalty at a non-NCAA institution, the student-athlete will be ineligible for all NCAA regular-season and postseason competition until the student-athlete does not compete in collegiate competition for the entirety of the prescribed penalty.
